

Georgia Gang Investigators Association

The Georgia Gang Investigators Association conducted a survey of law enforcement agencies to assess the extent of the street gang crisis by measuring the presence, behaviors and involvement of street gangs in jurisdictions throughout Georgia.

The GGIA June 2018 Street Gang survey results

* 71, 070 Active Gang Members and/or Associates

* 1572 Active Gang Sets or Subsets

* 157 of 159 Georgia counties have gang members residing in those counties

* 155 of 159 Georgia counties have gang members and/or associates active in the local school system

* On average, 60% of all violent crimes committed in Georgia are gang motivated
